

CASE STUDY

MONDAY EVENING PROJECT

Mechanics - September 2022 - April 2023

www.hunsletclub.org.uk/

Q1) Do you have opportunities to feel proud of?

I didn't think I did, but now I've achieved my level 1 in Mechanics, I'm very proud of myself and so is my family.

Q2) When you get disappointed by a result does it normally motivate you to try harder next time?

Sometimes, this can depend on what I've taken a test in. If it's a subject, I like then yes.

Q3) In general, do you think optimistically / positively about your future?

I do now I'm in year 11, and before this, I just took each day as it came.

Q4) Have you made goals and plans for the future?

Yes, Mechanics was always something that I was interested in and having started the MEP in September I soon realised this was what I wanted to do when I left school. I have now secured a place at Leeds City College to continue with Mechanics in post-16.

Q5) Do you think your own ability and motivation will help you get a good job?

I hope so, and I think attending the free course at the Hunslet Club has really helped me to know where I want to go in life.

Q6) Are you aware of the exams and qualifications you need to get the job you want?

I didn't until I looked into what was needed with a school career advisor and a youth worker at the Hunslet Club. I've now sat all my GCSE's and have received my BTEC level 1 certificate.

AT A GLANCE

The Monday Evening project is a program for young people. It allows them to achieve a level 1 qualification in their chosen area despite educational or financial background.

Pearson BTEC Level 1 Introductory Award in Engineering with Grade Pass

MONDAY EVENING PROJECT

Catering - September 2022 - April 2023

www.hunsletclub.org.uk/

Q1) Do you have opportunities to feel proud of?

Yes, I like to play Rugby although I don't always feel very confident, as I'm only small. And I am proud of gaining my level 1 certificate in Catering. If the programme runs again, I would like to come back and complete a different course. I feel very comfortable at the Hunslet Club.

Q2) When you get disappointed by a result does it normally motivate you to try harder next time?

I always try my best and if I struggle, I will ask for help to understand what I need to do the next time.

Q3) In general, do you think optimistically / positively about your future?

I'm just moving into year 10, in September so I'm unsure about where I'm going after I leave school. But I really did enjoy the Catering classes at the Hunslet Club, I liked learning different cooking methods, and skills and trying new foods that I wouldn't have tried at home.

Q4) Have you made goals and plans for the future?

No, not yet. The Catering course has helped though. This has given me a thought of a possible career path.

Q5) Do you think your own ability and motivation will help you get a good job?

I hope so, I'm not sure what I want to do when I leave school, but I am thinking of perhaps going into the Catering sector.

Q6) Are you aware of the exams and qualifications you need to get the job you want?

No, as I'm not sure what I want to do.
